Chairman Hutcheson opened the floor for discussion at this time.

District #2: Commissioner Rick Watson said his district is doing a lot of road maintenance, patching pot holes from the heavy rains and fixing cross drains. He stated they got authorization from the County Engineer to start removing trees on the right away on Old Union Road.

The Following discussion is recorded verbatim to sufficiently document the issue:

District #3: Commissioner David Kelley stated "I want to bring in front of this Commission that in September the Commission Voted to pay a position that did not exist in the county. We made a mistake and we need to correct it"

Chairman Hutcheson: What position are you talking about?

Commissioner Kelley: It was the Assistant Deputy Chief. The position was not available when the Commission agreed to pay for it.

Chairman Hutcheson: Clint Can you answer this?

County Attorney Clint Maze: That was a temporary position which is allowed under the Personnel Act. The position was filled temporarily for up to 120 days as provided by the act. The Position has been created by the Personnel Board (approved at the March 11, 2019 regular scheduled Personnel Board meeting. The motion was made by Board Member Ben Gamel and seconded by Board Member Penni Windsor), posted and applications received. We were still within the 120 days.

County Administrator Shelly Fleisher: The Commission approved a contract/agreement that the position would be reimbursed by the Sheriff.

County Attorney Clint Maze: That is exactly right. That position is in fact on a go forward basis, being funded by the Discretionary fund from the Sheriff Department. That was the agreement approved last Commission meeting.

Commissioner Kelley: Look Mr. Lawyer, we agreed to pay from county funds a position that was not established by the Personnel Board at the time.

County Attorney Maze: The Personnel Act allows an appointing authority as yourself to hire temporary employees up to 120 days per fiscal year.

Commissioner Kelley: Yes Sir it does, but it does not allow me to put it in a position that is not established by the Personnel Board.

County Administrator Shelly Fleisher: You can hire temporary that is not established by the Personnel Board.

County Attorney Clint Maze: Well I'm under the impression that nothing inappropriate has happened. I believe we have acted in accordance to the law and in accordance to the Personnel act. I don't think there is anything that needs to be corrected. I think that everything that needs to be done for that position to be filled and properly paid has been done.

Commissioner Kelley: Mr. Attorney, I disagree with you and want to be put on record that I disagree with you. I still believe we paid a position that we wasn't authorized to establish and it was not established and we used county funds to pay a position that was not established by the Personnel Board.

Chairman Hutcheson: Let this go on record.

Note: The following motion was made at the February 27, 2019 regular scheduled Commission meeting. During that meeting the subject was brought up that the position had been tabled with the Personnel Board until funding was secured by the Commission. County Attorney stated that once the funding was secured and approved by the Commission, the position would be submitted to the Personnel Board again for review. This motion and contract secured funds for the position. The position was submitted and approved by the Personnel Board on March 11, 2019. Prior to this, the position was filled on a temporary basis on 01-14-19.
